

## XTech Celebrates 5 Years in China

**January 26, 2011**

Xiamen, China—On January 10th, the XTech Xiamen team celebrated their 5 year anniversary. The facility in Xiamen (Southern China) employs over 100 people and has grown significantly over the past 5 years. Joining the celebration were CEO-Reinhold Hesse, Director of Operations-Mark Cosenza, and some colleagues from the USA facility. A number of XTECH's partners/vendors who provided tremendous support to XTech Xiamen's growth were invited to attend the party as well.

David Xiang, General Manager in Xiamen, recognized 21 employees who have worked for XTech Xiamen team for more than 3 years. This team has been a critical component of Xiamen's success and they were recognized for their efforts in XTECH's growth during the celebration.

Strong service and quality are the keys to success in Xiamen, supported by the dedicated manufacturing and sales team. Customers include Cisco, Adlink, Alcatel, Emerson and other tier one customers who are leaders in their respective market segments.

Located in Xiamen, China – the XTECH facility has 20,000 square feet, with a vertically integrated manufacturing capability in support of front panels and enclosures. Capabilities include sales, customer service and engineering in addition to operational teams supporting supply management, manufacturing, and logistics.
